Applicant: Bernd Schulze

Serial No: 10/781,135 Filing Date: February 17, 2004

Title: HALLOW MOLDED PART WITH CLOSED CROSS-SECTION
AND A REINFORCEMENT

July 28, 2008

Attorney's Docket No.: RUM223SD

SUPPLEMENTAL DECLARATION

BERND SCHULZE, whose application for Letters Patent for an improvement in HOLLOW MOLDED PART WITH CLOSED CROSS-SECTION AND A REINFORCEMENT, Serial No. 10/781,135 was filed in the United States Patent and Trademark Office on February 17, 2004 declares that the subject matter of the Amendment dated June 22, 2006, Amendment dated August 18, 2006, Amendment dated December 19, 2006, Amendment dated October 29, 2007, Amendment dated January 24, 2008, and Amendment (revised) dated March 21, 2008 was part of his invention, was invented before he filed his original application, above identified, for such invention; that he does not believe that the same was ever known or used in the United States before his invention thereof, or patented or described in any printed publication in any country before his invention thereof, or more than one year before his application, or in public use or on sale in the United States more than one year before the date of his application, that said invention has not been patented or made the subject of an inventor's certificate issued in any foreign country before the date of his application on an application filed by him or his legal representatives or assigns more than twelve months prior to his application in the United States and has not been abandoned.

The undersigned petitioner declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be

true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
